The next box is where to add previous owners of your car. Your name will be in green as the current owner. Update the date you purchased your Pierce-Arrow if known.

The information above your name is the prior owner(s) that PAS has on record. If you have more correct dates of ownership, enter them in the "From" and "To" fields. Use "Circa" if you are unsure of the exact date.

If the order of owners is incorrect, move your cursor over the Up/Down arrows to the left of the prior owner's name, drag the name into to proper order and release.

If there is an owner listed that is incorrect, you can delete the entry by clicking the small trash can on the right of the "comments" box. Please be careful when doing this as this was historical information the PAS had on file. When in doubt, please call or email one of us listed above.

SUBMIT CHANGES **ADD**

In the **“Search”** box, type in the last name of the member. If you cannot find the person’s name then click the yellow **“Member not found in above list”** button. You can add the non-member’s name in the **“Comments”** filed on the right. If you have the information, also add the city and state where they live.

The **“From”** and **“To”** values are required. Dates are preferred but this field can be anything you like to describe when the vehicle was transferred. Often you will see a **“<”** to indicate that the transfer occurred sometime before the given date. If you do not know the approximate date enter **“Unknown”**. Repeat to add more previous owner data.

Remember! You must click the **“SUBMIT CHANGES”**

button in the bottom left corner or your entries will not be saved!
